INSPECTIONS ARE CHANGING BE PREPARED – WE CAN HELP

NSPIRE (National Standards for the Physical Inspection of Real Estate), is the new health and safety inspection model being developed for housing owned, insured, or subsidized by the U.S. Department of Housing and Urban Development (HUD). This new initiative is designed to encourage public housing agencies and subsidized housing owners to constantly review the quality of their communities and reduce “just in time” inspection repairs.

WHAT DOES THIS MEAN FOR YOU?

- Shorter notice for inspections — **14 days instead of 120***
- Less time to prepare for an inspection
- New levels of scrutiny on a HUD property’s physical condition

With faster turnaround times for inspections, rely on HD Supply for maintenance products, repair parts, and Property Improvement services that can help you avoid point deductions and deficiency citations.

- More than 100,000 products
- FREE, next-day delivery**
- Property improvement and renovation services
- Expert installation and labor services†

SMALL RENOVATIONS CAN PAY OFF BIG

When repairs become too frequent, small-scale renovations may be more cost-effective in the long run. Our Property Improvement team will manage the project from start to finish and help with product selection and scheduling deliveries.

**On most orders to most areas.
†Available in select markets only.

ALWAYS BE PREPARED FOR AN INSPECTION

Shorter notice means your property should be prepared for an inspection at all times. Here are some tips to help you stay on track.

EVERY
MONTHS 12

Identify work that will require a contractor or special materials to complete.

EVERY
MONTHS 6

Focus on electrical and tripping hazards.

EVERY
MONTHS 3

Check for plumbing problems and remove any graffiti.

UPON NOTICE
OF INSPECTION

Review property for possible deficiencies and contact HD Supply for solutions.

DAY OF
INSPECTION

Make sure the grass is mowed, litter is picked up, and common area bathrooms are clean.

DOORS - Damaged hardware/locks.

DOOR SECURITY HARDWARE - Inspectors need to know your property is safe and that residents are protected. Our product assortment includes locksets in a variety of styles and finishes. We also offer key blanks, heavy-duty keying machines, slide locks, padlocks, latches, door viewers, chains, and door knockers.

SOLUTION

SMOKE ALARMS - Missing, inoperable, or tampered with.

NEW SMOKE & CO ALARMS - Upgrade to smoke alarms with a long-life, 10-year sealed battery. These alarms are always on, 24/7, require less maintenance because they don't need battery changes, and won't need to be replaced for 10 years.

SMOKE ALARMS & FIRE EXTINGUISHER
